Markve & Zweifel Short Sale Process

Wendy Haisley, Program Coordinator
763-450-1624 wendy@mzlaw.us

KEY POINTS EVERY AGENT NEEDS TO KNOW

- Short sale approval process takes 2-3 months with most servicers from time offer is submitted to approval in hand. Some servicers and some types of mortgages can take longer. Buyer's offer must be at fair market value to be approvable for short sale.
- Many short sale lenders are providing relocation assistance fund of \$3,000 or more to sellers at closing. Property must be owner occupied at time of approval to be eligible. (see page 9)
- Short sale may work in redemption period. However, if sheriff sale has occurred, short sale is no longer available in the following situations:
 1. If seller's first mortgage is serviced by US Bank, Chase, SLS, or SPS (regardless of type of loan or investor), short sale not available.
 2. In almost all cases, if sheriff sale has occurred, it is too late for short sale if seller's first mortgage is Freddie Mac conventional or FHA. Contact wendy@mzlaw.us to see if exception applies before listing.
 3. If there is less than 3 months left in redemption it is too late for short sale in most cases. Contact wendy@mzlaw.us to see if exception applies before listing.
 4. Seller can postpone their own sheriff sale if property is owner occupied. (see pages 18-21)
- If seller's mortgage is conventional, with Fannie Mae or Freddie Mac as investor, property must be active on MLS at least seven days before offer. Date on purchase agreement must be at least 7 days after date received on MLS.
- If seller's mortgage is FHA, property must be active on MLS at least fifteen days before offer. Date on purchase agreement must be at least 15 days after date received on MLS.
- No electronic signatures allowed on any documents that go to short sale lenders.
- Short sale lenders will not pay broker admin fees as commission percentage is pre-determined by mortgage investor and is not negotiable. Government loans pay 6% commission and some private investors pay 5% and some 6%.
- In cases of single agent dual agency (same agent representing buyer and seller), commission is commonly reduced to 3% or 4%.
- If buyer is also agent representing themselves, no buyer broker commission is allowed to be paid in almost all short sales.

MARKVE & ZWEIFEL PROCEDURES IN SHORT SALE PROCESS

- **Attorney consultation with seller.** Attorney confirms seller short sale eligibility. Seller mortgage information obtained, judgment search obtained, foreclosure status checked, and file opened.
- **Law firm emails seller retainer agreement and short sale package** for completion by seller.
- **Law firm receives offer from agent.** MZ Law Processor orders updated title work, special assessment search, and notifies seller and listing agent of additional documentation needed to complete the file.
- **Once file is complete, it is forwarded to Legal Assistant (L/A).** L/A familiarizes herself with seller's financial situation, prepares preliminary HUD1 and submits short sale to lender(s).
- **L/A communicates with lenders** consistently and provides short sale approval process status update to listing agent weekly.
- **L/A escalates to short sale lender management** if lender is not following normal time lines and procedures during approval process.
- **Once approval is received,** attorney reviews approval to confirm waiver of deficiency and terms in seller's best interests. Seller is contacted to confirm they wish to close based on approval terms.
- **L/A forwards complete file** including approvals and purchase agreement to law firm's contract closer to begin closing preparation.
- **L/A sends copy of approvals,** required closing date information, and title company contact information to seller, listing agent, buyer's agent and buyer's loan officer.
- **L/A obtains final hud approval** from short sale lenders three days prior to closing and notifies title company when we have obtained the short sale lender's "clear to close."

LENDER'S PROCEDURES IN SHORT SALE PROCESS

- **Set-Ups (3-5 days)** – The file is received at the lender, imaged into their systems under the proper loan number, then scheduled to be assigned.
- **Processor assigned** – The processor will have the file for 2-4 weeks during which time there are valuations being ordered and the documents are being reviewed to make sure nothing is missing and the file is complete. The Valuations are not limited to only the BPO/Appraisal – There are 8-10 reports ordered during this time including: Investor values, Hazard Insurance quotes, Payoff Quotes, Mortgage Insurance Verification, credit reports, tax returns from IRS, etc... Once the processor receives all of these reports back they package the file and forward it to be assigned to a negotiator.
- **Underwriting or cash flow team** – Reviews seller's financial information to confirm seller is eligible for short sale under that investor's guidelines. This step is going on while processor is waiting for other reports to be received.
- **Negotiator is assigned** – Once the lender confirms seller eligibility, negotiator will then review the buyer's offer in comparison with the Valuations to determine if the buyer's offer meets the investor requirements. If the offer is acceptable and meets the Investors and Mortgage Insurance Company's guidelines, the Negotiator will submit the file to the Mortgage Insurer (If applicable) and/or Investor for final review and decision. If the negotiator finds the buyer's offer does not meet the Investor's guidelines, the negotiator will counter the offer. If buyer accepts the lender's counter offer, the negotiator then submits the file to the MI company and/or investor for final approval.
- **Mortgage Insurer** – An acceptable offer is first submitted to the MI CO for approval if the loan has Mortgage Insurance. Once the MI approves the short sale, the file is sent back to the negotiator & submitted to the Investor for final review and decision. Please note that both the MI Co & Investor may request/require a cash contribution or promissory note at closing in order to approve the short sale. If so, negotiations then continue with the seller and/or buyer regarding those settlements. If those settlements are required and/or agreed to by all parties, the MI company approves and the file is transferred to the investor.
- **Investor** – The file is submitted to the Investor for final review and decision. Their process takes typically one to two weeks.
- **Quality Control** – once investor has approved, file is forwarded to quality control department for final check over and permission for approval letter to be issued.
- **Approval issued** – Negotiator drafts and issues the approval and sends file internally at the lender to have a closing officer is assigned.
- **Closing** – Closing officer reviews final hud to make sure all fees allowable and match approval letter then issues the final hud approval and "clear to close."

LENDER PROGRAMS OFFERING CASH TO SHORT SALE SELLERS

ALL PROGRAMS PROVIDE FULL WAIVER OF DEFICIENCY
ALL PROGRAMS REQUIRE OWNER OCCUPANCY
BELOW IS A LIST OF PROGRAMS CURRENTLY AVAILABLE

1. **FANNIE MAE OR FREDDIE MAC** conventional mortgages: At closing, the seller will receive **\$3,000** relocation assistance from FNMA or Freddie providing their financial hardship confirms there is an inability to sustain their mortgage payment and their cash reserves are under the required guidelines. Property must be owner occupied at the time the short sale is approved to receive the relocation assistance funds.
1. **FHA MORTGAGES**: If seller's mortgage is FHA, property is owner occupied, and they have no 2nd mortgage on the property, seller will receive **\$3,000** in FHA short sale incentive providing seller has less than \$5,000 cash assets. If there is a 2nd mortgage on the property, seller's incentive is used as part of the payment to the 2nd mortgage for release of lien.
2. **VA MORTGAGES**: If seller's mortgage is DVA and property is owner occupied at time short sale is approved, seller may receive up to **\$1,500** relocation assistance funds at the closing providing seller meets required financial hardship criteria.
3. **PRIVATE INVESTOR CONVENTIONAL MORTGAGES**: (non-Fannie Mae, non-Freddie Mac). Some conventional mortgage private investors may consider payment of up to **\$3,000** relocation assistance funds at closing for qualifying homeowners when property is owner occupied. MZ Law always requests the funds for sellers but it is only approved small percentage of cases.

BUYER(S) INITIALS _____ BUYER'S AGENT INITIALS _____

- Title company: Seller's title company is highly experienced in the critical details regarding short sale closings. Buyer has the option to choose the title company of their choice. However, buyer is aware it is **likely in their best interests** to choose seller's title company for the following reasons:

If buyer chooses to use seller's title company to close their side of the transaction:

1. Buyer will be charged a **discounted closing fee of \$150.00.**
2. Seller's title company will order title work at time of purchase agreement. In the event of any title issues that would prohibit closing, it **allows time for those issues to be resolved** during the short sale approval time period. If title issues are discovered that cannot be resolved and prohibit closing, all parties will be informed immediately and purchase agreement can be canceled.
3. If there are any title fees for buyer not allowed to be paid from sale proceeds as determined by seller's lender, **those fees will be waived by seller's title company.**

If buyer chooses to use a title company other than seller's title company:

1. Title work will not be ordered until after short sale approval. If there are title issues discovered that prohibit closing, it will likely be **too late to resolve**, closing may be delayed or canceled, and **buyer has waited and lost 2-3 months in the process.**
2. If buyer's title company charges any fees that are not approved to be paid from sale proceeds, they **will be at the expense of the buyer.** This is not an uncommon occurrence.
3. If buyer's title company or buyer's lender cannot close the transaction by deadline on short sale approval letter, any per diem costs imposed by seller's lender **will be at the expense of the buyer.**

Buyer initial one:

_____ Buyer chooses to use seller's title company to close their side of the transaction.

_____ Buyer chooses to use title company other than Seller's title company to close their side of the transaction

Re: Information regarding short sale negotiation and the foreclosure redemption period

Recently we have seen a growing number of short sale lenders who will not approve the short sale of a property when a property is in the redemption period. The redemption period is part of the mortgage foreclosure process and is the time period that runs after a sheriff's sale has occurred concerning that property.

Those lenders/investors who will not do a short sale in the redemption period include, but may not be limited to FHA and VA mortgages and conventional mortgages with Freddie Mac as the investor. We have also discovered that other lenders, who may offer some incentive money to the homeowner under the lender's short sale programs, will not pay that incentive money if the property is in the redemption period.

Thus, we are encouraging certain clients to take action to postpone a pending sheriff's sale so that the property does not enter the redemption period. Homeowners who occupy a property that is homesteaded for property tax purposes are allowed under Minnesota law to force a pending sheriff's sale to be postponed. This postponement can be done once by the homeowner.

Attached are instructions that you the homeowner can follow to postpone a sheriff's sale along with the required affidavit form. The full process for postponement must be completed at least 15 days before the scheduled sheriff's sale.

Postponing the sale through this process will postpone the sheriff's sale for 5 months, however, it will reduce the redemption period to 5 weeks. There can be some pros and cons to postponing a sale. IN SOME CASES IT MAY NOT BE IN YOUR BEST INTEREST TO POSTPONE THE SHERIFF'S SALE. This information is provided to you for information purposes only. If you have questions or concerns about whether postponing a sheriff's sale is in your best interest, please schedule a consultation with one of our firm's attorneys.

INSTRUCTIONS TO POSTPONE SHERIFF'S SALE

To postpone a Sheriff's Sale, the property must be owner occupied and classified as homestead and be one to four units. Also, the first publication of the Sheriff's Sale must have occurred AND the postponement process must be completed at **least 15 days before the scheduled Sheriff's Sale.**

To postpone a sale, you must complete all of the following steps:

1. Sign the postponement affidavit in front of a notary.
2. Record the postponement affidavit at the county recorder or registrar of titles where the mortgage was recorded. You may want to check with your county's recorder to determine how they handle these affidavits. Some will record the original and then mail it back to you. Other counties will allow you to bring a copy of the affidavit or additional affidavits with original signatures which then can be stamped upon recording and taken with you that same day to complete the process below. It might be a good idea to sign an extra couple copies when you sign the affidavit, depending on how your county recorder handles this process.

Note: fees are required for recording the affidavit; fees vary by county but expect about \$45 - \$50.

3. File a copy of the affidavit showing the date and office in which it was recorded with the sheriff conducting the sale. Include a copy of the Notice of Mortgage Foreclosure Sale. Contact the Sheriff's Office in your county to determine the process and any fee.
4. Deliver a copy of the affidavit showing the date and office in which it was recorded to the attorney conducting the foreclosure. Include a copy of the Notice of Mortgage Foreclosure Sale. Contact the foreclosure attorney to determine acceptable method of deliver (in person, mail and/or fax.)
5. Confirm receipt of the copies and the actual new sale date with the Sheriff's Office and the foreclosure attorney.

Other facts to know about postponing the Sheriff's Sale:

- The lender and foreclosure attorney are not required to publish notice or serve you with additional information about the change in the Sheriff's Sale or the date the redemption period ends.
- Postponement can only be done once, regardless of whether you bring the mortgage current or not.

If a bad bpo is submitted to seller's lender, it is impossible to challenge the value after the fact. Bpo's stand for 90 days. It is imperative that you do all you can to make sure bpo agent has all pertinent information regarding physical condition of the property, neighborhood, etc. that adversely affects the value of that property.

WHAT YOU CAN DO TO INCREASE THE ODDS FOR A "FAIR" BPO VALUE

- 1. When seller accepts offer, immediately lower list price in MLS to match buyer's offered price.**
BPO agent will have comps available in wide range of values. They commonly try to hit list price. If bpo agent submits value less than list price, many investors require they have to add additional data, or sometimes even re-do the bpo. It is for that reason the bpo agent will take your list price into consideration.

- 2. When a short sale offer has been submitted to seller's lender, require that all future showings must be confirmed with only you.**
This is how you will know bpo agent is entering the property. When bpo agent or appraiser contacts you for access, tell them all pertinent information regarding property condition before you give them lockbox combination.

- 3. Leave a packet of information in the property marked clearly that it is for the bpo agent and/or appraiser to take with them.**
 - a. Copy of current mls printout showing list price same as offered price**
 - b. Copy of inspection report (especially when negative inspection results limit value)**
 - c. Copy of "book-a-showing" feedback reports that show agent's opinion of price as "above market."**
 - d. Pictures of condition problems that adversely affect the value**
 - e. Copies of any applicable bids for necessary repairs**
 - f. Cover letter explaining market time, price reductions, and explanation of negative condition issues that adversely affect the value**

Remember that bpo agent may not be familiar with subject property's market area. It is important that listing agent inform them of any issues that adversely affect the property value.
