FUNDING YOUR HOME PURCHASE

TRUSTED LENDERS

- Best rate & terms
- Close on time
- No surprises
- Over deliver vs. Over promise
- Gets documents on time to the title company

DECISIONS ON COST

- 15-year vs. 30-year mortgage
- Long-term hold
- Short-term hold
- Buy first or sell first
- Rental property
- 13th payment

HOW MUCH CAN YOU AFFORD? KEY FACTORS TO CONSIDER

- Your down payment
- The interest rate
- Your debt-to-income ratio
- The closing costs associated with your purchase

DOWN PAYMENT OPTIONS

LOAN TYPE	DOWN PAYMENT	DETAILS
Conventional	5% + 	You can put as little as 5% down or as much as you want. If you put less than 20% down, you may have to pay mortgage insurance, but that drops off after you reach 80/20% value. There are some 3% down options as well.
FHA	3.5%	The lowest traditional down payment program; there is additional mortgage insurance for the life of the loan. Allows for lower credit scores than conventional.
Down Payment Assistance*	\$1,000 +	A program for people who qualify with credit and income, but do not have enough savings for a down payment.
VA	0%	A special program for military buyers that allows them to put almost nothing down toward the purchase.
FHA 203k & Renovation Mortgages	3.5% +	A special product that allows you to wrap into your mortgage the costs of repairs or improvements to the home you buy.
Contract for Deed	10% +	An ideal program for those without qualifying credit scores. Interest rates are slightly higher than market rates, but it allows for home ownership for those who would otherwise have to rent. Looks at ability to make payments.

*There are many down payment assistance programs available through our preferred vendors, just ask us for more information to find out if you qualify.

YOUR HOME OPTIONS

TRADITIONAL SALE

- Most common
- Reflects market value for the neighborhood
- Seller is not upside-down on their mortgage
- Response to an offer generally within 24 hours
- Transaction process completed within 30-60 days

BANK-OWNED SALE

- Bank owns the home
- 2-party transaction - 1 buyer & 1 bank
- Priced below a comparably sized traditional sale
 - Home almost always sold "As Is"
- Best financing: cash, conventional, or renovation
- Response to an offer within 24 hours to 5 days
 - Transaction process completed within 30-60 days
- Bank will typically require a closing within 30-60 days

NEW CONSTRUCTION SALE

- Brand-new homes, built to your taste
 - Warrantied
 - Less expensive to maintain
- Already built, in the process, or from scratch
- Great for buyers who know exactly what they want
 - Think about location for cost per sq. ft (some school districts demand a premium)
 - Transaction process varies, typically 4-6 months unless already built

SHORT SALE

- Selling for less than what is owed to the bank
- 3-party transaction - 1 seller, 1 buyer, & 1 bank
 - Bank has to agree to the accepted offer
- Bank sends out a 3rd party to value the property
 - Bank will accept, counter, or reject an offer
- Response to an offer can be more than 90 days
- Can be great deals, but wait time involved for all parties can be extreme and very hard on a buyer wanting to purchase quickly
 - Transaction process varies, typically 4+ months

NEGOTIATING YOUR TERMS

Once we've found the home you wish to purchase, we'll help you determine what offer you are willing to make on the home. After all, you are the one making the payments!

MAKING AN OFFER	EARNEST MONEY	MULTIPLE OFFER STRATEGY	CLOSING COSTS*
<ul style="list-style-type: none"> • Pre-approval in hand • Type of financing • Sales price • Comparable market analysis (comps) • Earnest money • Home warranty • Inspection repair costs • Property tax assessment review 	<ul style="list-style-type: none"> • \$ amount determined in purchase agreement • Due 3 days after offer accepted • \$ is applied towards your down payment 	<ul style="list-style-type: none"> • "Dear Seller" letter • Zero repair allowance • Increased earnest money • Flexible closing date • Short inspection • Consultation with home inspector • Appraisal gap • Sellers rent back 	<ul style="list-style-type: none"> • Credit Report - \$65 - \$135 (couples) • Prepaid Insurance - \$2000 - \$2500 • Prepaid taxes (up to 6 months) • Prepaid Home Owners Association Fees (when applicable) • Lender Origination Charges - \$1,100 - \$1,500 • Appraisal Fee - \$550 • Title Fees - \$2,000 - \$3,000 • Closing Fees - \$1,000+ including Broker Commission

*You will be required to pay fees for loan processing and other closing costs; so you can finance in the costs vs. using cash. These fees must be paid in full at the closing, unless you are able to include them in your financing. Typically, total closing costs will range between 3-4% of sale price .

It is negotiable for the seller to pay around ~~3% of the mortgage amount toward~~ your closing costs; this is referred to as the "seller's contribution" to your closing costs, but keep in mind how it impacts your "net offer" to the seller, especially in multiple offers.

PROTECTING YOUR HOME: HOME INSPECTIONS

We highly recommend you have a **Certified Home Inspector** conduct a thorough inspection.

Typical cost of an inspection on average is \$500-\$650. The inspection is to eliminate potential surprises for the buyer. Your home cannot “pass or fail” an inspection. The Inspector’s job is to report on major damage or serious problems that require repair and make you aware of repairs that are recommended or necessary. Once you have done the inspection, work with your Agent to ensure you communicate and negotiate any items you wish within the contractual time frame.

INSPECTIONS TYPICALLY INCLUDE

- Appliances
- Plumbing
- Electrical
- Roof and Attic (if accessible, depending on weather)
- Heating and Air Conditioning
Note: AC can’t be inspected in the winter months
- Foundation
- General structure

OTHER INSPECTIONS WE RECOMMEND

- **Radon Tests (~\$175)**
More than 40% of the homes tested have radon levels exceeding the safe threshold set by the EPA.
- **Thermal Imaging (~\$125)**
Reveals unseen moisture issues in a home.
- **Full Furnace Inspection (~\$200)**
Most Home Inspectors cannot perform these, so they are done by HVAC professionals.
- **Sewer Line Inspection (~\$200)**
For older homes, this can reveal cracked lines and damage from tree roots.
- **Chimney Inspection (~\$200)**
This can reveal defects in the integrity of the chimney flue.
- **Septic Inspection (\$300 to \$600)**
It is recommended to pump the septic tank before sale and inspection.

HOME WARRANTY

PREVIOUSLY-OWNED HOME WARRANTIES: (~\$500-\$600)

When you purchase an existing home, you can purchase warranties that will protect you against most ordinary flaws and breakdowns in major mechanicals and appliances for at least the first year you own the home. The warranty may be offered by or negotiated with the seller, or you as the buyer, can choose to purchase the home warranty.

NEW CONSTRUCTION HOME WARRANTIES:

When you purchase a newly-built home in the state of Minnesota, the builder offers a full home warranty on things such as the quality of design, materials, and workmanship.

- 1 year on defects caused by faulty workmanship and defective materials
- 2 years on defects caused by faulty installation of plumbing, electrical, heating and cooling systems
- 10 years free from construction defects due to noncompliance with building standards

THE CLOSING

WHO WILL BE THERE?

- You, the Buyer(s)
- Seller(s) usually pre-sign

- Closer, the party representing the title company
- Occasionally, your Mortgage Officer

WHAT WILL YOU NEED?

- Bring valid government-issued photo ID
- Bring a cashier's check for your cash to close (your Mortgage Officer will tell you the amount prior to closing)
- Personal Checkbook

WHAT IS EXPECTED AT THE CLOSING?

- If financing the property, your lender will require you to sign a document, called a promissory note, as evidence that you are personally responsible for repaying the loan.
- An escrow account will be set up for you at this time to pay any expenses incurred on the property (taxes, assessments, insurance, etc.).
- You will also sign all title and deed documents, making you the official homeowner!

WORK WITH THE EXPERTS!

“

When it came time to sell our longtime family home and downsize, we planned to check out three realtors and then make a decision as to who to go with. We first called Kerby & Cristina Real Estate Experts and were put in touch with Jessica Stephan. After talking with Jessica just once, we decided we didn't need to look any further ... and that turned out to be a great decision! We knew what we wanted to buy, but nothing was available. Jessica made it happen. We then needed to immediately sell our current home. She made that happen too! But mostly, it was the fact that she made us feel like we were her only clients. Phone calls and texts were always answered immediately. Jessica was incredibly well-organized, had a wealth of knowledge, and she was so good about answering questions (over and over again sometimes!) and 'holding our hands' every step of the way. Should we ever need a realtor again, we will definitely be calling Jessica Stephan!

“

The Kerby and Cristina Team were able to coordinate our special requests and address all of our concerns all while we were out of state! If you can believe it, we bought our home sight unseen due to being a work relocation so we truly had to rely on this team and trust them! After closing in one state, moving to Minnesota and closing on our new home, we can proudly say that this team will not let you down!

- Shannon
